Subject: Call for Entries – Eco Photography Competition

Attention: Students of Classes IX & X

We are excited to announce an upcoming Inter-DPS Photography Competition focused on the theme "Nature Next Door." We are looking for talented photographers to represent our school!

What to capture: We want you to capture the harmony and balance in nature. You could photograph:

- Patterns or symmetry found in leaves, flowers, or bark.
- Interactions between living and non-living elements (e.g., a plant growing through a crack in a wall, or sunlight hitting a stone).
- The quiet coexistence of natural components in your everyday surroundings.

Submission Guidelines:

- **Entries:** Please email **3 to 4 high-quality, original photos** to **jlaltesh@gmail.com**.
- **Editing Rules:** Only basic editing like cropping, brightness, and contrast is allowed. Please avoid heavy editing or filters.
- **Required Details:** Your email must include your **Name, Class, and Admission Number**.
- **Deadline:** Please submit your entries no later than **July 19, 2026**.

Based on these submissions, the school will select the best 2 students to represent us in the official Inter-DPS competition. Show us your creative eye for nature!

Warm Regards,

Principal
